

A NEW STRUCTURE FOR TRACE

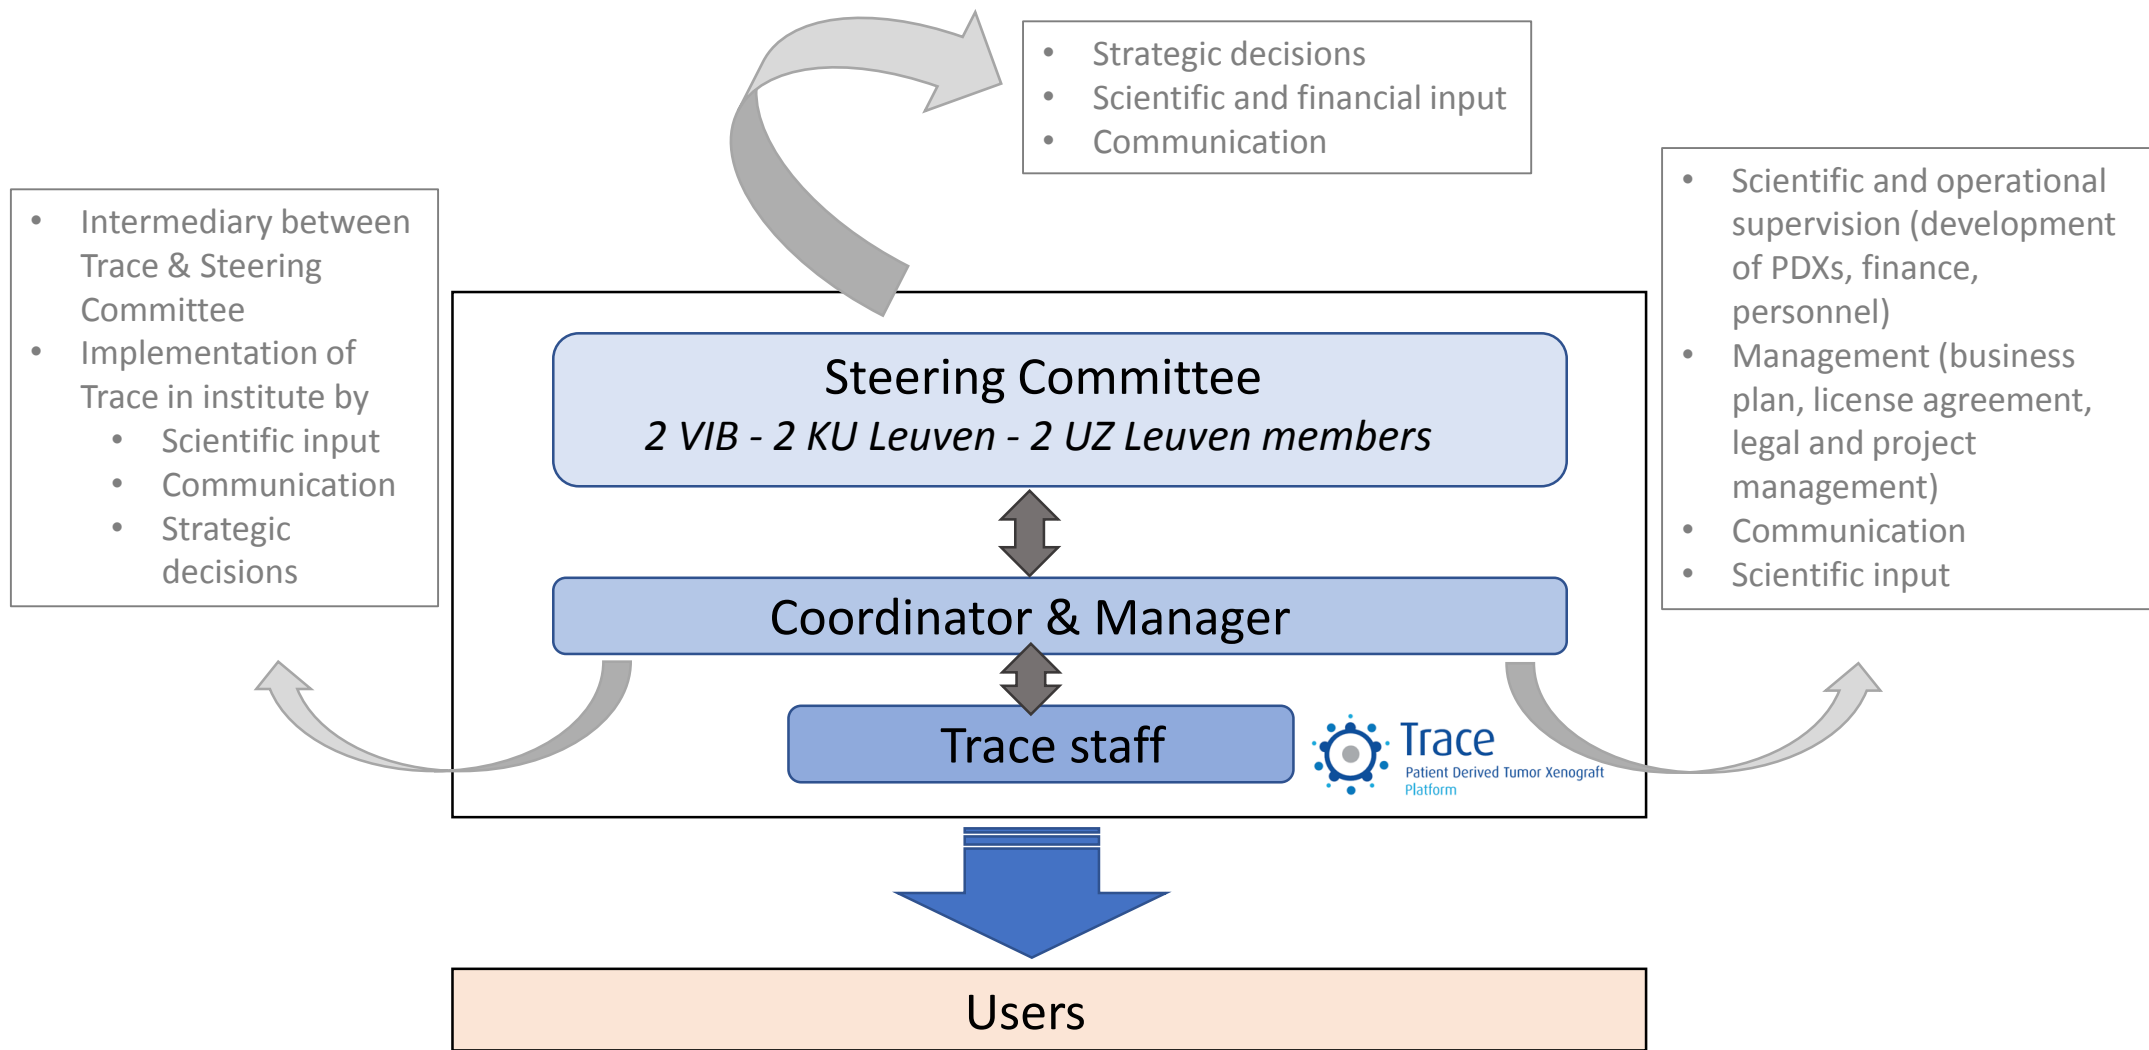

Eleonora.leucci@kuleuven.com

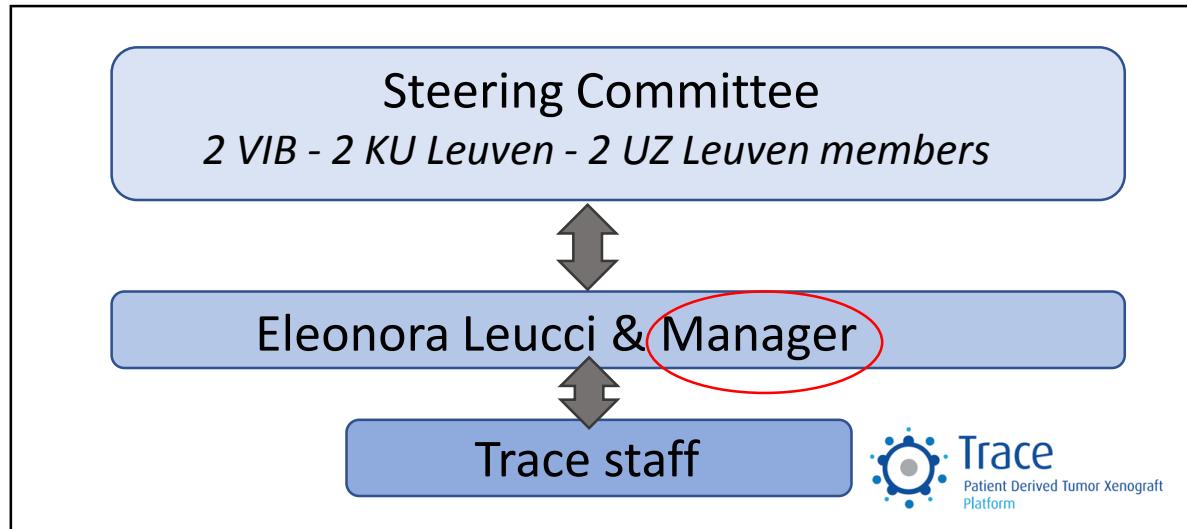

Trace

Patient Derived Tumor Xenograft
Platform

We are looking for a new manager

In the meantime Daniela Annibali (F. Amant's Lab) will manage the platform until January 2018

-Daniela will also be the main contact for the gynecological projects.

New head of Trace: Eleonora Leucci

eleonora.leucci@kuleuven.be

Eleonora, the new TRACE coordinator, is research professor (BOFZAP) at the Department of Oncology

Administration will be centralized

Meet Trace

Daniela Annibali
Until January 2018
daniela.annibali@conict.be

Ellen Gommé
ellen.gomme@kuleuven.be

Kimberly Crevits
kimberly.crevits@kuleuven.be

Our new location

University Hospitals Leuven - KU Leuven

Herestraat 49, box 818

3000 Leuven – Belgium

From O&N1, 6th floor of KU Leuven:

follow directions to office 06.687. It's the left corridor. At the end, go left.

At the end of this corridor, go right.

At the intersection with the EM facility, go straight ahead and proceed to office 06.687 on your right side.

Project outline

Procedure Mouse Clinical Trial

Please also complete the financial sheet on page 3!
